CHAIRMAN

MESSAGE FROM THE Chairman

As KLE Society's Chairman, I invite you to explore the thrilling world of IT through our BCA program. Dive deeper than academics – ignite your tech passion, master diverse skills, and become a digital architect. Learn from experts, tackle real-world projects, and unlock your potential on our vibrant campus.

We nurture not just tech wizards, but well-rounded individuals with excellent communication, teamwork, and critical thinking **skills**. Our industry partnerships pave the way for exciting internships and dream placements. So, if you're driven, creative, and ready to shape the digital future, join us!

Welcome to the KLE Society BCA program - your launchpad to **success!**

Dr. Prabhakar Kore

Chairman, KLE Society, Belagavi

▶ ▶ ▶ KLE Society

Established in 1916, the **Karnatak Lingayat** Education Society is a leading educational institution with over 300 establishments, an autonomous university, and international collaborations, shaping globally recognized education.

▶ ▶ ▶ About **the** College

KLE Society's Degree College, Nagarbhavi, excels academically, offering cutting-edge infrastructure and digital resources. Its BCA department, established in 2017, aims to provide top-tier IT education, nurturing future IT professionals.

BCA

AS A COURSE

The BCA Degree Course focuses on equipping students with essential Computer & IT skills through dynamic teaching **methodologies**. **It** equips students with necessary skills to navigate the pervasive use of computers across various sectors, including engineering, medicine, research, and agriculture. Furthermore, the curriculum provides invaluable insights into organizational analysis techniques, fostering creativity in designing business processes to enhance performance and collaboration within work groups. This presents an exciting opportunity for students to be at the forefront of the IT revolution, contributing

meaningfully to the industry's advancements. We at KLE, impart a comprehensive understanding of fundamental concepts, strategies, tools, and advanced techniques in computer applications, preparing students to tackle **real-world** challenges in the IT landscape. With **cutting-edge** computer **laboratories** and experienced faculty, we ensure students are adeptly trained for seamless integration into the IT workforce, emphasizing practical application.

WHY

CHOOSE US?

A value driven department that emphasises the quantitative and factual development of students.

Integrity

It takes years to build integrity in academia and we have been holding it towards students since inception.

Increased Student Benefit Ratio

The all-round development of the students is our priority. Along with academics, we emphasise professionalism.

Qualitative Student Development

Enable students to attain measurable growth from semester to semester.

Faculty Quality Benefit Ratio

Domain-specific faculty expertise has been established to meet the needs of students from all socioeconomic backgrounds.

Value Proposition

The value proposition is built on the values of our Saptharishis and our seniors, which mould the students.

STUDENT AMENITIES

Well Stacked Library

A 10,000 book repository is set up at the campus to give students access to the best books. Academic Journals, Magazines and online resources are available.

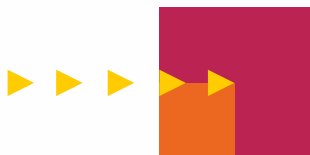

Well Equipped Computer Labs

A 180-seater lab for students to learn and explore more.

Auditorium

An 800-seater auditorium for hosting various events and gatherings.

ICT Enabled Classrooms

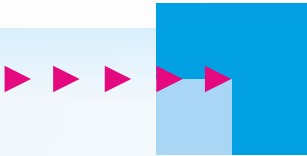

All our classrooms have projectors and speakers which encourage learning in a better way.

Ground

Our campus ground offers basketball, throwball, cricket, skating and swimming facilities.

SKILL AUGMENTATION PROGRAMS

Skill Augmentation Programs are positioned as a progressive growth strategy for students looking to make a career in applied technology. Our SAP is not only industry aligned but also endorsed by corporates. Here is a glimpse of our programs.

NETWORK SECURITY WITH PALOALTO

Securing enterprise communication and networks, training on the basics of cyber security.

CLOUD COMPUTING WITH AWS ACADEMY

Develop and deploy your applications over Amazon Web Services. You could develop mobile, Web, IoT, AI, and other applications. Learn to create an Object Storage, Alexa ChatBOT, a DevOps toolchain **and more.**

ERP CERTIFICATION WITH SALES FORCE

Consolidates business processes throughout the organisation, allowing for better communication, faster task completion updates, better planning and data security.

RPA WITH UI PATH

Robotic Process Automation is the technology that allows anyone today to configure computer software, or a robot, to emulate and integrate the actions of a human interacting within digital systems to execute a business process.

DATABASE WITH ORACLE

Oracle Academy provides fundamental knowledge and skills in databases and in areas of computer **science** that are universally in high demand across computing jobs.

MICROSOFT AZURE AND AI FUNDAMENTAL

The Honeywell certification program provides knowledge about Artificial Intelligence and Machine Learning which have been prominent areas.

CLOUD PRACTITIONER WITH AWS ACADEMY

Provides expertise in cloud computing and helps in learning practical skills to meet industry demands.

DID YOU KNOW THAT?

64%

increase in probability of getting a relevant job

80%

aligned towards **real-time** industry needs

60%

of colleges in India do not have SAP. So be a part of the privileged

45%

hours of **real-time** hands-on training for skill development

INDUSTRY IMMERSIONS

BUSINESS

TRAINING AND PLACEMENTS

CAREER CONDITIONING

Under this program, the students are put through a series of **counselling** sessions, tests and networking events that enable them to gain more exposure to the corporate culture. This program also involves extensive interactions with corporate personalities to understand the nuances of the corporate world.

APTITUDE

Aptitude is a logical thinking ability that is required to crack an interview in today's corporate world. We have specifically designed an Aptitude program which gives the students enough time to perfect this skill and become prodigies.

MOCK INTERVIEW

Simulation is the best way to learn. On these lines, the students are put through a series of mock interviews which expose them to various types of interviews and different personalities of interviewers.

EXPLORING BEYOND ACADEMICS

Engage with Our Extra-Curricular Clubs!

We believe in nurturing holistic development, and our diverse range of clubs offers something for everyone. Here's a glimpse into what awaits you:

Film Club

Dive into the magical world of cinema with screenings, discussions, and workshops that celebrate the art of storytelling through film. Explore different genres, filmmaking techniques, and engage in critical analysis of cinematic masterpieces.

Book Club

For the bookworms and literary enthusiasts, our Book Club is a haven of literary exploration. From bestsellers to classics, join us in lively book discussions, author meetups, poetry readings, and literary events. Immerse yourself in the world of words and expand your literary horizons.

Spoothi - The Women's Club

Spoothi is more than just a club; it's a movement for gender equality and empowerment. Engage in advocacy initiatives, participate in inspirational talks by trailblazing women, and join empowering events that elevate women's voices and celebrate their achievements.

Science Forum

Dive into the fascinating realms of science through interactive sessions, workshops, and discussions. Explore and delve into scientific breakthroughs and latest technology that ignite your curiosity and passion for science.

Student Activities

Engage in a plethora of student activities, designed to enrich your college experience and foster camaraderie among peers. From cultural festivals to sports meets, there's something for every interest and passion. Join us in creating unforgettable memories and shaping a vibrant campus community.

ALUMNI TESTIMONIALS

“

I have chosen this course because it's my favourite subject, where I can score higher and feel more secure regarding the future. Students who are interested and willing to get into a well-loved profession can apply here. The events organized by the college are amazing and each fest is very memorable.

- Siddarth

”

“

Placements for BCA were good. I got placed at Deloitte and the department was helpful and instrumental in this achievement. Prominent companies like TCS, Infosys, State Street, Wipro, Continental, Amazon, Capgemini, and Société Generale, etc., visited our college for placements.

- Manasa

”

“

The infrastructure of the college is the best that I have ever seen. The campus is clean and well-maintained. The canteen, library, departmental library, auditorium and sports facilities are good.

- Mamatha P Patel

”

“

Lecturers in our college are good. Technical, non-technical and non-teaching staff members are good. The college organizes two fests named Technokret and Jalsa. The college also organizes various technical activities and cultural events. They also conducted interdepartmental symposiums, inter-college technical and non-technical competitions, and many more.

- Kishore G

”

“

Facilities provided, such as Wi-Fi and classrooms are good and have comfortable desks. Library is accessible and has a tidy environment. They also issued books to the home and study. The canteen is hygienic. Sports and games were sponsored. Sports such as cricket, volleyball and running were held, and games such as chess and table tennis were available.

- Sachin A

”

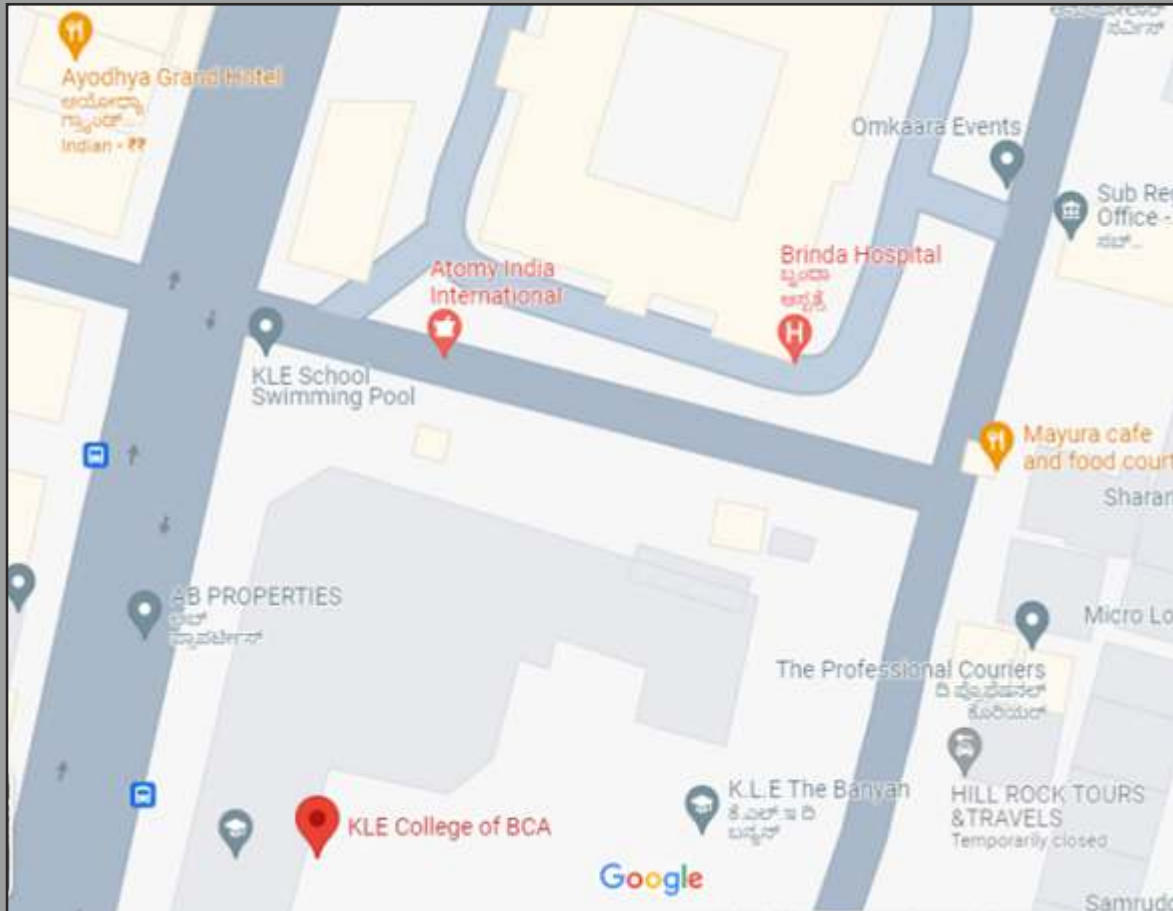

“

Teachers in our college are very helpful and friendly. The course curriculum is relevant, and it makes the students industry ready. They also build confidence in them regarding the profession. Each student who passes with good marks gets placed in higher positions.

- Brunda M
